SAM SEBASTIAN

Recent testimonials have shown that the Musclebuilding know-how imparted in the New Musclebuilding method can be introduced to the North American market and will contribute towards building a well-muscular population. This method, known as the MUSCLE FIGHTER IV has gained much praise from those who have used it. The gains in muscle mass, strength, weight, and overall improvement of stamina have been little short of phenomenal. Reports from all over North America testify to the effectiveness of the MUSCLE FIGHTER IV.

The plan does not involve hours and hours of daily training and it may be followed in the privacy of your bedroom. Any man between 18-50 who has had a physical checkup that is a sign of good health, older men concerned about what is possible for the program to his particular physical condition and age may apply.

The MUSCLE FIGHTER IV directs an overnight method which can gain muscle size, firming strength all takes time and effort. It fits the requirements you may do it.

This company does not claim that you can build a body in seven days, or seven weeks. It's a six month course! And it will certainly take considerably longer than that to build a body like mine!

GREAT GUNS! ARE MY EYES PLAYING TRICKS ON ME?

MUSCLE FIGHTER IV recommended for it perfectly fits my needs!

"Sir, my eyes are great - What a U.H. FLUSH!"

"Dear Sir, I can't feel - This program opened my eyes!" TOM KLEIN, N.Y.

"Dear friends, My old life - I will always thank a million!" KICK THOMPSON

"I worked hard and results were slow!" KICK THOMPSON
